**Name the substance involved in the process and its manufacturer.**  
*(A copy of a current safety data sheet for this substance should be attached to this assessment)*

- **Zidac Antibacterial Hand Gel**  
  Zidac Laboratories, Unit 5, Merlin Park,  
  Airport Service Road, Portsmouth PO3 5FU  
  Contains 70% Ethanol plus fragrance (WHO Viruscidal recommended).

**Classification (state the category of danger)**

- **Very Toxic**
- **Irritant**
- **Extremely Flammable**
- **Highly Flammable**
- **Flammable**
- **Biological**
- **Oxidising**
- **Environmental**

**Hazard Type**

- Gas
- Vapour
- Mist
- Fume
- Dust
- Liquid
- Solid
- Other (State)

**Route of Exposure**

- Inhalation
- Skin
- Eyes
- Ingestion
- Other (State)

**Workplace Exposure Limits (WELs) please indicate n/a where not applicable**

**Long-term exposure level (8hrTWA):**

- **Ethanol 1000ppm 1920mg/m³**

**Short-term exposure level (15 mins):**

- Ingestion—May cause nausea, headache, dizziness and intoxication.
- Eye contact—Moderately irritating.
- Flammable substance.

**State the Risks to Health from Identified Hazards**

Ingestion—May cause nausea, headache, dizziness and intoxication.
Eye contact—Moderately irritating.
Flammable substance.
Control Measures: (for example extraction, ventilation, training, supervision). Include special measures for vulnerable groups, such as disabled people and pregnant workers. Take account of those substances that are produced from activities undertaken by another employer’s employees.

Wear European Standard EN166 compliant eye and face protection when there is a risk of product splashing into eyes.

Store in tightly closed original container in a dry, cool and well-ventilated place. Keep away from heat, sparks and open flame.

Storage area: Keep away from fire, sparks and heated surfaces. Take necessary action to avoid static electricity discharge.

Dispense from sealed pump action dispenser, dispensing a limited amount on each single application.

**Personal Protective Equipment (state type and standard)**

- Dust mask
- Visor
- Respirator
- Goggles
- Gloves
- Overalls
- Footwear
- Other

**First Aid Measures**

- **Following inhalation:** Not expected. Can cause cough in sensitive persons, irritation of the upper respiratory tract, by overuse drowsiness, headache and dizziness. Move affected person to fresh.

- **Following skin contact:** Not expected. Avoid contact with sore or broken skin. In sensitive persons can cause drying out, redness. Remove contaminated clothing and rinse with plenty of water.

- **Following eye contact:** Irritation. Avoid contact with eyes. If contact occurs, remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention promptly if symptoms occur after washing.

- **Following ingestion:** DO NOT induce vomiting. Get medical attention immediately.
## Storage

| Measures to prevent fire: | Keep away from heat, sparks and open flame. Avoid contact with eyes. |
| Measures to prevent aerosol and dust generation: | Keep in a cool, well ventilated place. Keep away from heat and source of ignition. |
| Measures to protect the environment: | Keep container tightly closed. |

## Disposal of Substances & Contaminated Containers

| Hazardous Waste | Skip | Return to Depot | Return to Supplier | Other | X |

(If Other Please State):

The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations.

## Is exposure adequately controlled?

| Yes | X |

| No |

## Risk Rating Following Control Measures

| High | Medium | Low | X |
